

# The 2022 University of Tokyo Guidelines for Preventing the Spread of COVID-19 Infection When Holding Conference

We would like to ask everyone who is taking part to abide by the following guidelines provided by the University of Tokyo to prevent the spread of the COVID-19 infection:

During the conference, participants are required to wear masks.

Participants are requested to wash and sanitize their hands frequently.

Those who fall into one or more of the following categories are prohibited from participating in the conference:

Any participant who

- has a temperature of over 37.5 °C or a fever with a temperature over one degree above their average temperature
- shows symptoms suggestive of an infection
- does not feel well
- shows signs which indicate a condition of COVID-19
- is infected by COVID-19 and has not yet recovered or has been designated as a close contact

Thank you very much for your cooperation in making this conference safe.
